WORK EXPERIENCE

Concordia Student Union

Nov. 2019 – Present

Marketing Director

Montreal, Qc

- Worked with the in-house design team to rebrand our online presence.
- Redesigned the main CSU website to be more accessible and user-friendly.
- Delivered a revamped CSU Classifieds website for our Housing and Job Resource Centre.
 - Worked with an external development firm to ensure branding guidelines were being respected.
 - Identified and remedied several visual bugs on the staging website before going live.
- Reported directly to the Student Life Coordinator and worked with the Social Media Director to promote and effectively communicate CSU related events.

Acoustic Technologies

December 2013 – March 2020

Web and Graphic Designer, Sales Associate

Montreal, Qc

- Developed e-commerce solutions using WordPress and Amazon Marketplace.
- Took initiative to research audio components and the surrounding industry to better understand clients' needs.
- Processed online and in-store transactions.

Montreal Audiofest

March 2016

Web designer and developer

Montreal, Qc

- Collaborated with the owner of an NPO to create a webpage for the not-for-profit audio event in Montreal right after the event was almost abandoned due to the economic instability at the time.
- Volunteered as a team of two working on the website using HTML, CSS, Bootstrap and JS.

PROJECTS

Three Man

June 2020

Game Development

Montreal, Qc

- Completely developed a working version of a previously only-in-person party game using React.
 - Implemented multiple players, rolling dice, along with various rules and logic of the game.

Mike and Melyssa's Wedding

August 2020

Web Development

Montreal, Qc

- Designed and developed a responsive and user-friendly interface for a friend's upcoming wedding using React.

EDUCATION

Concordia University

December 2019

BEng, Software Engineering

Montreal, Qc

- Participated actively to improve the Concordia eSports Association's outreach.
